Review

Physiologic root resorption in primary teeth: molecular and histological events

Evlambia Harokopakis-Hajishengallis1

Original

Reproducibility of a hemi mandible positioning device and a method for measuring alveolar bone loss area in mice

Elken G. Rivaldo, Dalva M. P. Padilha, Fernando N. Hugo, Juliana B. Hilgert and Bruno R. Rybu13

Effect of exposure time on curing efficiency of polymerizing units equipped with light-emitting diodes

José R. David, Osnara M. Gomes, João C. Gomes, Alessandro D. Loguercio and Alessandra Reis19

Depth of cure and hardness of an indirect composite polymerized with three laboratory curing units

Naomi Tanoue, Mahoko Murakami, Hiroyasu Koizumi, Mitsuru Atsuta and Hideo Matsumura25

Evaluation of long-term satisfaction with orthodontic treatment for skeletal class III individuals

Ozge Uslu and M. Okan Akcam31

In vitro antimicrobial activity of endodontic sealers, MTA-based cements and Portland cement

Mário Tanomaru-Filho, Juliane M. G. Tanomaru, Danilo B. Barros, Evandro Watanabe and Izabel Y. Ito41

A comparative SEM investigation of the smear layer following preparation of root canals using nickel titanium rotary and hand instruments

Vahid Zand, Maryam Bidar, Pari Ghaziani, Saeed Rahimi and Shahriar Shahi47

Health literacy education for children: acceptability of a school-based program in oral health

Mariko Naito, Takeo Nakayama and Nobuyuki Hamajima53

Diametral tensile strength and Vickers hardness of a composite after storage in different solutions

Igor S. Medeiros, Maurício N. Gomes, Alessandro D. Loguercio and Leonardo E. R. Filho61

Effect of a xylitol and fluoride containing toothpaste on the remineralization of human enamel *in vitro*

Hiroshi Sano, Syozi Nakashima, Yupin Songpaisan and Prathip Phantumvanit67

Case report

Forced eruption of adjoining maxillary premolars using a removable orthodontic appliance: a case report

Hamid Jafarzadeh, Ali Talati, Mohammad Basafa and Saeed Noorollahian75

Apical surgery with calcium hydroxide capping of the exposed dentine: a case report

Janir A. Soares, Frank F. Silveira and Eduardo Nunes79

Oral myiasis: a case report

Tissiana Rossi-Schneider, Karen Cherubini, Liliane S. Yurgel, Fernanda Salum and Maria A. Figueiredo85
