CONTENTS

Review

Elastography: the next step
Debdutta Das, Monika Gupta, Harkamal Kaur and Aman Kalucha .................................................. 137

The history and importance of aeronautic dentistry
Balwant Rai and Jasdeep Kaur .............................................. 143

Polymeric immunoglobulin receptor
Masatake Asano and Kazuo Komiyama ........................................ 147

Original

Effectiveness of tenoxicam and ibuprofen for pain prevention following endodontic therapy in comparison to placebo: a randomized double-blind clinical trial
Hakan Arslan, Huseyin S. Topcuoglu and Halit Aladag ................................................................. 157

Effect of experimental xylitol and fluoride-containing dentifrices on enamel erosion with or without abrasion in vitro
Isabela D. Rochel, Jonas G. Souza, Thiago C. Silva, Agnes F. F. Pereira, Daniela Rios, Marília A. R. Buzalaf and Ana Carolina Magalhães ........................................... 163

CD47 regulates the TGF-β signaling pathway in osteoblasts and is distributed in Meckel’s cartilage
Koichi Shimada, Akira Nakajima, Kyoko Ikeda, Kazuya Ishibashi, Noriyoshi Shimizu and Koichi Ito ................................................................. 169

Major differences in oral health knowledge and behavior in a group of Iranian pre-university students: a cross-sectional study
Hossain Neamatollahi, Masoumeh Ebrahimi, Maryam Talebi, Mana H. Ardabili and Keiwan Kondori ................................................................. 177

Feasibility of including APF gel application in a school oral health promotion program as a caries-preventive agent: a community intervention trial
Neha Agrawal and Krishnappa Pushpanjali ................................................................. 185

Association of interleukin-1 polymorphisms with periodontitis in Down syndrome
Ahmed Khocht, Kevin Heaney, Malvin Janal and Bobby Turner ................................................................. 193

Oral manifestations of HIV infection and their correlation with CD4 count
Ashish S. Bodhade, Sindhu M. Ganvir and Vinay K. Hazarey ................................................................. 203

Immunohistochemical detection of p53 and PCNA in ameloblastoma and adenomatoid odontogenic tumor

Effect of canal taper and plugger size on warm gutta-percha obturation of lateral depressions
Wu Zhang, Hisashi Suguro, Yoshimi Kobayashi, Tamotsu Tsurumachi and Bunnai Ogiso ................................................................. 219
Use of aminoguanidine, a selective inducible nitric oxide synthase inhibitor, to evaluate the role of nitric oxide in periapical inflammation
Ali R. Farhad, Seyedmohammad Razavi, Sanaz Jahadi and Masoud Saatchi ........................................... 225

Prevalence and distribution of selected developmental dental anomalies in an Indian population
Saurabh K. Gupta, Payal Saxena, Sandhya Jain and Deshraj Jain ................................................................. 231

Case Report

Malignant melanoma of the oral cavity showing satellitism
Parvathi Devi, Thimmarasa Bhovi, Ravi R. Jayaram, Cherry Walia and Sharad Singh ........................................... 239

Mesenchymal chondrosarcoma in the mandible: report of a case with cytological findings
Adonai P. Cheim Jr, Thiago L. Queiroz, Whewel M. Alencar, Rodrigo M. Rezende and Eneida F. Vencio ................... 245

Submandibular ectopic thyroid tissue diagnosed by ultrasound-guided fine needle biopsy
Myrsini G. Gkeli, Sergios Apergis, Eirini Klapsinou, Nikolaos Galiatsatos, Despina Proestou and Dimitra Daskalopoulou ........ 249

Situs inversus in a patient with nevoid basal cell carcinoma syndrome: a histogenetic relationship?
Monika Gupta, Debdutta Das, Amit Mittal, Harkamal Kaur and Aayush Malhotra ................................................ 253

The usefulness of three-dimensional imaging in the diagnosis and treatment of clinically ambiguous gingival swelling
Hiroaki Kabashima, Kunitaka Mizobe, Hiroyoshi Nakamuta, Hiroaki Fujiwara, Kazutoshi Okamura, Masako Unemori, Akifumi Akamine, Kazunori Yoshiura and Katsumasa Maeda ............................................................ 257
